Ad Opportunity/sponsorship

Re-securing the Future of Muslims in America

The preparations for the 27th Annual Conference of New England, sponsored by the Islamic Council of New England (ICNE) and hosted by the Muslim Students Association (MSA) of Worcester Polytechnic Institute (WPI), are full-speed-underway. This one day conference, to be held on Saturday, October 20, 2012, on the gorgeous campus of WPI, Worcester, MA, will feature ten (10) scholarly speakers and legal experts, invited from across the country. There will also be bazaar and entertainment. The speakers will focus on the legal rights of Muslims in America and the struggle of younger generation in the current environment. The event is expected to draw audience from across New England.

On this occasion, the conference Committee is planning to put together a Journal for wide circulation. The journal will include business ads, greetings from sponsors, and information on program and services various Islamic Centers offer. At this time the Committee would like to invite businesses, organizations and sponsors to consider this opportunity to promote their products and services by having their ads included in the Journal.

For a full page ad, we expect a donation of \$500, 1/2 page \$250, and 1/3 page \$175. Business size card ad will be accepted for \$75. Generous donations are also appreciated. The council is a charitable non-profit organization and all donations are tax deductible. If you're or someone you know interested, please contact or send ad electronically to:

Naseema Khan, PhD

ICNE President
